Travel Guide Workbook

The workbook that you have in your hands was written to help you understand the book, *Travel Guide to the Bible*, by Tom Castor.

Most of the questions are simple. They are there to make sure that you have read the book and see that you understood what you read. The workbook also has questions about the scripture passages that go along with the T*ravel Guide to the Bible*. So you will be asked to read some parts of the Bible, then answer questions on the passages that you read. Just like the questions on the book, these questions will help you know if you understood what you read.

This book is quite large. In fact, there are more than one thousand five hundred questions in the book altogether. But you will not do all of the questions at once. You will do them one small part at a time. That way, little by little, you will learn to understand the Bible better and better.

This book will not only help you, but it can help other people as well. If you would like to copy the pages and tests from this book to share with other people, you may do so. But please do not change the questions in any way, because Leah and Sandra (the people who wrote the questions) wrote the questions very carefully. They wanted you to understand the book and the scriptures so that you could enjoy what you read.

Thank you for reading *Travel Guide to the Bible* and using this workbook. We hope that you will learn more about the Bible ~ and more about Jesus as a result of your reading.

If you would like to receive a free ebook version of the *Travel Guide to the Bible*, you can find one on the A Simple Word website, here: https://asimpleword.org/downloads/
